 - Professional Programs are available to full Members, Associate Members and Fellows. To access these programs, please upgrade or renew your membership via [Your Account](#).
- Users who are not logged in should be prompted to log in to enrol.
 - You must [log in](#) to enrol in a program. (redirect back to same page after login if possible)

ADMIN

New section - Similar structure to eLearning and Quizzes

Section Name: Professional Programs

Sub-section: Programs

Fields:

- Title
- Synopsis (short description)
- Price
- LMS token (staff will generate this in the LMS and input here)
- Extra email details (like we do in events – ability to add more details to confirmation email)
- Display on website (or Publish / unpublish)

List of “attendees” – users who have enrolled/purchased the program. Display this in the individual program admin page, like we do with Quizzes and Events.

Sub-section: Coupons

Need to be able to create coupons to apply discounts up to 100% on enrolment

OTHER REQUIREMENTS

- On enrolment, confirmation email sent from Brevo to:
 - User who has enrolled, including Program Title, price, LMS token and Extra email details
 - education@paramedics.org including Program Title, price, LMS token, User name, User email address
 - Invoice generated and attached to user profile
- Enrolment Management
 - View list of members enrolled in each program.
 - Export enrolment data (CSV or Excel optional).
 - Search/filter by program or member.

UPDATES TO PARENT PAGE - <https://paramedics.org/professional-practice-programs>

The screenshot shows the header of the website. On the left is the logo for the Australasian College of Paramedicine, featuring a stylized four-pointed star/ambulance symbol. To the right of the logo is the text "Australasian College of Paramedicine". The header includes a navigation bar with links for "Home", "Education", "Advocacy", "Membership", and "College" (with a dropdown arrow). To the right of the navigation is a teal-colored button with the word "Login" and a magnifying glass icon. Below the header is a dark blue navigation bar with white text that reads "Home > Professional Practice Programs".

Professional practice programs

The College's professional practice programs have been designed to offer paramedics continuous training and professional development throughout their careers.

These programs aim to uphold and develop the highest commitment and standards for quality paramedic care.

The Professional programs suite of Programs include:

- Pre-employment Program
- Graduate Year of Practice
 - Grad Start Program
 - Applied Practice
 - Consolidated Practice
- Paramedic Preceptor Program
- Clinical Hub

Pre-employment Program

Transition from university to the workforce with confidence

The College's Pre-employment Program offers newly graduated or nearly graduated students the opportunity to transition from university to the workforce with support and guidance from experts and professionals in paramedicine. As a precursor to the full Graduate Year of Practice Program, this low-commitment, highly interactive, and supportive program runs for four weeks.

Program highlights:

- Duration: Four weeks
- Student centred online learning
- 1000+ online self-paced material plus live live sessions

Insert feature box where yellow highlight is (end of first section on page) with the following content:

Discover our professional practice programs below.

When you are ready to enrol in a program, [click here to enrol](#).
